

In a world where we are urged to be more productive in less time, told to enrich our lives with health, activity, and quality time with friends and family, why would it be advantages to repeal the Do-Not-Call provisions which have had a positive effect in our state. People who do not want to participate don't sign up. I don't want anyone sollicitaions. I believe I should be entitled to not be called. Marketing companies can take out adds, send fliers, or infomercials. I can read or watch them or opt not to.
